Thursday 3rd December – Christmas Fair @ 2:30pm

Friday 4th December – Christmas Craft Morning – Parents Invited – 9am

Come as You Are Day – Friday 27th November 2026

We are holding a 'Come as You Are' day in school on Friday 27th November 2026. This is where children can come dressed to school in non-uniform for a chocolate donation towards the Christmas Fair. Donations can be as small as a single chocolate bar. Thank you for your support in making our Christmas Fair a sweet success!

Muddy Monsters Reminder – Years 1, 2, 3 and 4

Please ensure children come to school appropriately dressed for their Muddy Monsters sessions. As the weather becomes colder and wetter, children should wear a warm waterproof coat, hat, scarf, gloves and wellington boots (or old warm trainers). A puddlesuit or waterproof trousers are also recommended where available. Please also send a spare set of clothes each week so children can change if they become wet or muddy during outdoor learning.

PE Kit Reminder

Please ensure your child brings their PE kit to school each week. School does not provide PE kits.
The required PE kit is a plain white t-shirt (with or without the school logo), plain black shorts and trainers or plimsolls. This is part of our school uniform and is non-negotiable. Other items are not acceptable for PE lessons. Please bring PE kit into school on a Monday and take it home on a Friday for washing.
Thank you for your support.

Year 3/4 SPOTLIGHT

This week, Lower Key Stage 2 has been taking part in Anti-bullying Week. We kicked things off on Monday by wearing our odd socks to celebrate what makes us all unique and the children had great fun designing their own creative pairs. Throughout the week, we also discussed about how to speak out and stand up to bullying, both in person and online. Well done to everyone for their fantastic engagement and thoughtful ideas!

Computing SPOTLIGHT

Our pupils have had a brilliant start to Computing this year!
So far, they have developed essential skills in typing, computer hardware, and understanding how networks and the internet connect us. They have also put their creativity to work by experimenting with animation and digital photography across different devices. We are incredibly proud of the fantastic work they have produced!
